Rules of Conduct

None specified

Pocatello Valley CWMU Description

The Pocatello Valley CWMU is located west of Portage, Utah near the Idaho - Utah Stateline, on the West Hills. Higher elevations are on the eastside of the Unit ranging from 6400 feet in the north to **6600 feet** in the southeast. All drainages flow from east to west, and though not named they range from **5300 feet** elevation to 6000 feet.

Nearly half (50%) of the Pocatello Valley Cooperative Wildlife Management Unit (CWMU) is Inter-Mountain Basins **Big Sagebrush Shrubland** (48). Scattered among this Sagebrush Shrubland are large patches of Great Basin **Pinyon-Juniper Woodland** (37). Towards the southeast corner the large patches become Rocky Mountain Bightooth **Maple Ravine Woodlands** (23). Inter-Mountain Basins Montane **Sagebrush Steppe** (62) and **Invasive Annual Grassland** (121) contribute to the land cover.
